Volume 1, Issue 1

Prayer Points:

- For health & safety while in Haiti.
- That our time in Haiti would be fruitful - fixing, building, playing & that our good rapport with the children & locals would continue to grow.
- For guidance with respect to possibility of adopting.
- That all would work out to see our sponsored children in Haiti & Dom Republic.

Praise Points:

- Thank You Lord for the great people we have been meeting along the way.
- Thank you for the opportunity to catch up with old friends.
- Thank you that we were able to secure good airline tickets for our 3 month trip to Malawi.

Favourite Verse:

1 John 4: 11 & 12

Flat out like a lizard drinking...

It's hard to believe that we left Australia 5 weeks ago. It seems so long ago & the time has flown. Huge thanks to friends & family who helped us go through that awful process of packing up house, cleaning, repairing etc before tenants could take over. & we left our precious cat "Minou". He looked very bewildered as we totally emptied the house & left him in the middle

of the lounge room with his bedding as we bid him farewell. He is used to, at least, getting on the last load of possessions. We believe he is adjusting well to the tenants, however, he may not have the same Kingly rights as he had with us!

Since landing on kiwi soil we have been flat out - starting with interviewing music artists at the Parachute

Festival - the biggest Christian Music Festival in the Southern Hemisphere. We were representing 1WayFm Canberra as well as United Christian Broadcasters Pacific Partners—involving 5 stations in total. It was exhausting but a lot of fun & was certainly a joy to meet some of the artists & to get to know them a little better. Favourites were Casting Crowns, JuliaGrace, the David Crowder Band & we enjoyed the novelty of Family Force 5.

After Parachute we were in full swing of helping friends prepare their wedding. Max was asked to be a groomsman & Cay was requested to be the MC! How many men do you know who have made their own Wedding cake? Well Pete did just that & the last minute decorating was a little stressful but Cay was happy to take over so that the Groom could get dressed for his Wedding Day!!

UCB Pacific Partners - Radio in the Islands

One of our projects involves spending time with United Christian Broadcasters Pacific Partners or UCB PP. We spent sometime converting over 2000 music files so that they could be used in the islands, as well as preparing some script for a "Radiothon" which will be launched in NZ on 2nd April & Oz, sometime after that. The primary goal is to really raise awareness about what UCB PP do & to seek people who may be interested in becoming Pacific Partners. We need prayer partners as well as financial

partners. UCB PP help get radio into the islands and train local Christians to man the station. Max and I were involved in Training in Tonga in 2007 and have had the pleasure to hear about the wonderful things that are happening in and through that station. That station is the only one that is allowed to broadcast on a Sunday! And recently God has been using the station to bring revival to the Kingdom of Tonga. It was also our pleasure to recently meet Charlie who is the Program Director for "Gud Nius" radio in the ... **PTO**

Where to next?

On Thursday 5th of March at 9pm we fly out of Auckland & into LA for about a week. We will stay with friends who used to be Cay's old team leaders from when she did Youth With a Mission in New Caledonia (a long time ago!) Then on the 13th of March we are off to Haiti where we spend 3 weeks doing all sorts of odd jobs - whatever is needed from building, cleaning, gardening, fixing, playing with the kids. It should be a great time and we will be kept very busy. We also hope to visit our sponsored children in Haiti & the Dominican Republic as well as the sponsored children of Christine Carden & IWayfm. It has been a delight visiting New Zealand and catching up with old and new friends. Until next month. Blessings to you - love from
